

DIPLOMAT *AM/FM/SW radio & digital audio player combined*

The Diplomat AM/FM/SW radio comes with built-in digital audio player capable of holding up to 500 hours of tamperproof audio. Load an entire Bible, New Testament, sermons, teaching, humanitarian messages and more. Thousands of Scripture audio titles/languages are available for the Diplomat and can be previewed at megavoice.com/search

Load audio onto the Diplomat microSD™ card using a PC, standard mini-USB cable and MegaVoice Stylus software. Multiple players can be loaded simultaneously using a standard USB hub or microSD™ card duplicator.

Preselect radio stations for your listeners - up to 10 AM/FM/SW fixed-tuned radio frequencies for each Diplomat. Patented *flexible lanyard* radio antenna is designed for optimal signal reception. Built-in solar panel allows radio to play while charging batteries. Boost audio levels for larger audiences by using the optional MegaVoice Case Speaker amplifier.
